

# GermBuster™ Industrielle 150

## Industrial Far-UV Disinfection System

The GermBuster™ Industrielle 150 from Sterilray is a compact industrial Far-UV disinfection solution engineered for continuous pathogen mitigation in commercial, manufacturing, warehouse, and industrial environments. Utilizing advanced 222nm excimer lamp technology, the system provides continuous air and surface disinfection while remaining safe for occupied environments within established exposure guidelines.

### Key Features

- 222nm Far-UV excimer lamp technology
- Continuous air and surface disinfection
- Compact industrial-grade design
- Designed for targeted industrial applications
- Mercury-free and chemical-free operation
- Continuous-duty industrial performance
- Instant on/off full-power performance
- 30,000+ hour prorated lamp life warranty

### Technical Specifications

| Category           | Specification                                     |
|--------------------|---------------------------------------------------|
| Power Consumption  | 150W                                              |
| Lamp Technology    | Far-UV 222nm Excimer                              |
| Application Type   | Industrial Air & Surface Disinfection             |
| Operation          | Continuous Occupied-Space Pathogen Mitigation     |
| Power Supply       | 100–270V AC   50/60 Hz                            |
| Mounting Options   | Ceiling / Wall / Industrial Equipment Integration |
| Housing Material   | Powder-Coated Aluminum & Stainless Components     |
| Environment        | Commercial & Industrial Indoor Facilities         |
| Lamp Life Warranty | 30,000+ Hours (Prorated)                          |

|                       |                        |
|-----------------------|------------------------|
| Power Supply Warranty | 1 Year Parts and Labor |
|-----------------------|------------------------|

## Ideal Applications

Manufacturing Facilities • Food Processing Areas • Warehouses • Packaging Stations • Pharmaceutical Facilities • Laboratories • Agricultural Facilities • Industrial Workspaces • Logistics Centers
